

Post-Module

Ability & Neurodivergence

Watch:

1. Disability in the Workplace

2. Deaf in the Military

3. Sexuality and Disability: Forging Identity in a World that Leaves You Out

What is one thing all of the speakers in the videos have in common?

For example...

- Did you notice all of the speakers are white and/or white-presenting?
 - why do you think that is?
 - do you think it is an issue? why or why not?
 - what do you think can be done to help amplify voices of disabled people of color?

reflect & discuss

- What did you learn?
 - How will you translate it into behavior?
- What explicit biases did you have about people with disabilities that were challenged?
 - Did you have any implicit biases that you did not realize you had, but were challenged?
- What are you still wondering about? Or what do you still feel uncomfortable with?
 - How can you address this discomfort and/or questions?
