

PRIVILEGE PRE-MODULE

how do you feel when you hear the word "privilege"?

do you see yourself as privileged (or not privileged)?

what is the difference between privilege & meritocracy?

how can we shift the conversation of systems of oppression to include systems of privilege?

Listen to:
[The Invisibility of White Privilege](#)

Before Moving on...Reflect:

- what do you hope to get out of this module?
- are you able to recognize the privileges that you have despite any hardships you have faced?
 - if not, how will you avoid defensiveness while engaging with the material?
- Why do you think it is important to learn about and recognize privilege?
- do you believe in meritocracy?
